

Biscotti Osvego Gentilini

There are authentic flavors that taste good and heady scents that are impossible to resist: all this is the Osvego with malt and honey.

A unique Cookie, still prepared according to the original recipe over a century old, which only wants noble and natural ingredients: butter, flour, barley malt, honey with spontaneous blooms, then careful processing, slow cooking and packaging still hot.

Always fragrant, with a robust and decisive taste, sweet at the right point, this is the character of our Osvego.
